*" My spouse and I can't seem to agree
on which sofa to choose.
Do you recommend Option A) or B) ?"*

Further to our conversation, I've attached the sofa I had suggested which could be the best of both worlds.
The scale of the couch should be a perfect fit in that living room with the side chairs you've already got.
It's also at a great price point.
I've also included a link for the paint color and side table we had discussed.
Check out the links below.
